DONAU SOJA CONGRESS

12-13 May 2027

Building food security & protein resilience through the Three Seas Initiative

WARSAW, POLAND

SPONSORSHIP BROCHURE

Organised in cooperation with

WHY THIS CONGRESS

Protein security is food security.

The European Union's agri-food system has become increasingly exposed to geopolitical instability and the impacts of climate change. These shocks are already causing protein supply bottlenecks and driving extreme price volatility across key commodities.

Legumes account for only 3% of the EU's harvested area. After decades of importing more than 90% of its soya requirements, how can the EU reduce this strategic vulnerability and build a more resilient protein system?

Europe has the land, knowledge and market capacity to strengthen its own protein production and value chains. At the Congress, we will work together to turn this potential into durable, scalable regional systems.

A European protein conversation with regional implementation.

WHAT TO EXPECT

The Donau Soja Congress brings political leadership, economic investment and value-chain partnerships together.

The Congress puts functioning models on the table, while highlighting the Three Seas region's potential to strengthen Europe's protein production, infrastructure and supply security.

On two days, the programme will explore how European protein policy can be translated into regional realities:

Policy and security

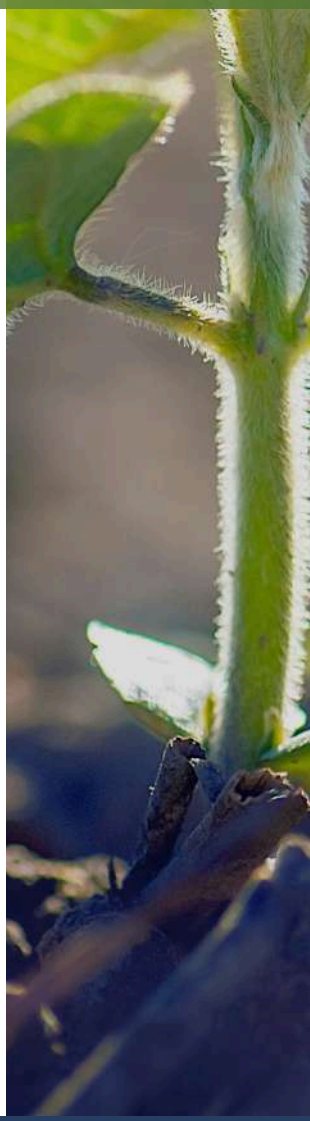

A European protein policy that safeguards Europe's protein and food security and fosters cooperation.

Resilient value chains

Strengthening infrastructure, processing capacity and market uptake for regional protein crops – from farm to consumer.

Farmer viability

Creating profitable and diversified farming conditions that help farmers invest for the long term.

WHO WILL BE THERE

A room built around the full value chain.

The Donau Soja Congress brings together the people driving Europe's protein value chains, creating a focused setting for direct exchange across sectors, countries and perspectives.

- FARMERS
- CRUSHERS, PROCESSORS & FEED MILLS
- AGRIBUSINESSES, FOOD BRANDS & RETAILERS
- CIVIL SOCIETY & NGOs
- UNIVERSITIES & RESEARCH
- TRADE ORGANISATIONS
- GOVERNMENT & PUBLIC INSTITUTIONS
- FINANCIAL INSTITUTIONS

WHY SPONSOR?

Be part of the unique conversation shaping Europe's protein future.

Sponsorship gives your organisation a visible role in the European protein market. It offers a platform to showcase practical solutions, share relevant experiences and connect with decision-makers and partners across the protein value chain.

Exclusive connections. Practical exchange. Lasting visibility.

Engage directly

Connect with 400+ leading stakeholders and actors from across the value chain, build meaninful relationships and strenghten strategic alliances.

Bring your perspective

Present your expertise, solutions and practical experience in discussions on protein production, infrastructure, markets and resilient supply chains.

Expand your visibility

Boost your organisation's profile across Congress communications, event materials and targeted on-site branding to a highly relevant international audience — with visibility extending beyond the event.

SPONSORSHIP OPPORTUNITIES
